

OTHER'S EXPERIENCE

The programme is very interactive & fun and engages the students. Facilitators communicate clearly and really enables the students to own the "8 great habits."
Jack Jones, 24/7 youth worker

Keeping 64 year 10 boys engaged for a day is no mean feat. The programme is delivered with passion and humour and the mixture of activities, competition, theory and real life examples make the course exciting, fast paced and relevant. This programme is a great base for any school looking to enhance their Positive Education.

Cyn Smith, Director Tihoi Venture School

I had a very motivated and happy Penny arrive home after the 8 Great Habits session. She has been really upbeat and positive in the following days, so great job on your delivery of the programme.

WHAT HAPPENS?

With the help of Spot-i-wat, this is a fun and engaging day out for school students showing how powerful one's character is in navigating their way through life, and providing real guidance for what great character looks like. Each habit is delivered through story, illustration and workbook exercises.

The workbook prompts and captures reflections throughout the day and this culminates in a short presentation at the end of the day where students share their key takeaways and action points.
